7. Share screens for “transaction history”

The image displays two side-by-side mobile application screens for the 'Bharat Connect' app, both titled 'Transaction History' in the blue header bar. The left screen features a search filter dropdown set to 'By Date Range'. Below this, there are input fields for 'Mobile Number' (with a search icon and placeholder text), 'From Date' (with a calendar icon), and 'To Date' (with a calendar icon). A purple 'Search' button is positioned at the bottom of the form. The right screen shows the same interface but with the filter dropdown set to 'By Transaction ID'. The 'Transaction ID' input field is present, and the purple 'Search' button remains at the bottom. Both screens include the 'Bharat Connect' logo in the top right corner of the main content area.

8. Share end-to-end screens for “complaint registration”, “complaint status check” and “transaction status check”
